Bullion

Style and ambiance. The double height space connected to the hotel lobby, creates a classic timber paneled bar room, with a long, copper topped & leather fronted bar. Timber venetian blinds, louvered screens and herringbone parquet flooring give a colonial framework within which

contemporary furniture; rugs and lighting sit to produce a more modern feel. Black lacquered credenzas, chandeliers and leather club chairs are added to create an art deco edge, this really is the place in downtown Nassau for afternoon tea, cocktails and casual bar dining.
