## Rooms

### Guest Rooms

Some say our standard rooms offer the comfort and elements of design that allows the mind and body to escape the pressures of today's world, we did this so that you would come back and visit more often. Not even the picture on your high definition flat screen T.V. compares to the view of the ocean from

your balcony as you watch the waves roll in against the beaches below. We have even changed the furniture out so that you feel like you have entered another world of comfort. There are lots more little touches that we know you will like, but you will just have to visit to see what they are.

### Suites

All of our 24 suites offer direct ocean views with wrap around balconies, you will feel as though you can reach out and touch the waves.
